## PUGLIA CAKE FESTIVAL 2024 REGULATIONS

### Category ( H ): “Decorated Painting Plaque” – International cake design Competition.

#### Theme: “Vintage Christmas”

##### THEME OF THE WORK and methods of realization:

The creation of a painted plaque on a pastillage or chocolate base is requested. The plaque can be of any shape (square, round, oval and shaped) and must be displayed on an easel or stand made of any non-edible material (wood, plastic, iron etc.)

The plaque can be completely painted with a painting technique (dry, with alcohol, with cocoa butter and chocolate, watercolour, dotted, gouache, spatula, etc) or with the mixed technique (set of different techniques) of painting.

The plaque may contain parts in **flattened relief** (a sculptural technique that allows for the creation of a very low relief, just a few millimetres, compared to the background) which can be created both in relief and hollowed out giving a pictorial value, **in bas-relief** (a sculptural technique where the figures protrude with a relief not exceeding 50% compared to the background).

The plaque can also be made entirely in bas-relief and crushed and painted with a painting technique. It is important that the representation is realistic and that the painting technique is the protagonist.

Plaques containing decorations in high relief (sculptural technique in which the figures detach from the background where some parts could detach completely creating a real 3D effect) **will not be evaluated**.

The “Vintage Christmas” theme is a style that refers to the fashion and decor of the past at least 20 years ago. Therefore it is required to recreate a Christmas atmosphere with an antique touch and painted with warm colors such as red, blue, green and cream and white backgrounds. You can be inspired by ancient postcards, vintage paintings, Christmas scenes from films with Santa Claus etc.

Immerse yourself in the magic of Christmas by painting your dream vintage scene!

The relevance to the theme is of fundamental importance for the evaluation of the work by the international judges.

#### CATEGORY GENERAL RULES:

#### “Vintage Christmas” – International cake design Competition

- A) The creation of a totally painted and/or decorated plaque, partially or totally in flattened relief and/or in bas-relief as long as it is painted, on a pastillage base is requested. The plaque can be of any shape (square, round, oval and shaped) and must be displayed on an easel or stand made of any non-edible material (wood, plastic, iron, etc.). **Plaques that are not displayed on an easel or stand, but placed on a cakeboard or table, will be disqualified.**
- B) The plaques will be evaluated in every part, both frontally and posteriorly, for this reason it is important that the rear base of pastillage is not neglected by cleanliness and in its appearance, it does not present stains or imperfections. The front of the plaque can be covered with sugar paste to be decorated, while the back must remain uncovered to allow the judges to verify that the material used is pastillage.
- C) The realistic painting will be greatly appreciated and will also be given a special mention.

- D) Works in which there are decorations or non-edible parts will not be evaluated. The plaques must be made entirely by hand.**
- E) The edges of the plaque can be covered with edible material. Satin ribbon is not allowed.**

They must be created by a single artist, the same one who registered and participates in the contest. Works created collectively are not accepted, under penalty of exclusion from the Competition.
- K) The quantity of decorative techniques chosen and applied to the cake painted will not be evaluated, which must instead all have an adequate technical and executive quality, and which will be judged on the basis of their quality.**
- L) The work must be accompanied by an anonymous technical sheet (attached to the regulation). It must contain the title of the work and a brief introduction describing the source of inspiration, the work carried out, the techniques and materials used.**  
If the work were to suffer damage during transport, it will be advisable to report it on the accompanying technical sheet, otherwise the damage will be evaluated negatively in the scores assigned by the Jury.  
The Organization will provide a plaque with the words "Damaged in Transit". In this way, the damage will not change the judgment on the evaluation of the work.  
The technical sheet must be presented at the same time as the work and the anonymity of the artist must be respected, under penalty of exclusion from the competition.  
For the innovative or little-known techniques introduced, a detailed description is required to be included in the technical sheet. **The attached technical sheet must be completed in English and in Italian language.**
- M) Each competitor will be able to participate in the competition by presenting only one work, created with the utmost commitment. The response of the International Jury will be unquestionable, therefore at the time of presentation the Participant will tacitly accept the verdict.**
